What has helped you succeed so far at CCBC?

What has helped me succeed so far at CCBC is my professors. My professors have been with me every step of the way! My professors noticed my strengths and weaknesses that I didn't notice about myself. Having a close relationship with my professors was one of the best things that has helped me. They have helped me to stay focused and not give up. They were there for me when I needed them the most no matter what, and I appreciate them the most for being there for me!

Why did you decide to become an FYE Mentor?

I decided to become an FYE Mentor because I love to work with others. I am a naturally kind and caring person. I am great at helping anyone in need, and I inspire others to change for the better. I act kindly and am sincere. I am someone who gives people comfort during hard times. I take people's worries away by showering them with so much love and affection when they need it the most, and everyone needs someone to be there for them while they're in needed of a helping hand as well.
